

The following is a response to the Wildhawk Players Association (WPA) membership regarding the disputed accuracy of the Club Championship Tournament's flights and final results.

The Board met on Thursday, September 26, 2013 and agreed the third and fourth flights of the Club Championship were misaligned, and consequently, the final results were inaccurate. A motion to amend the third and fourth flight's alignment and final results was approved which states:

“The Board agrees to amend the third and fourth flights and the final results by awarding all those who initially were notified and to those who are now the actual winners. The funds for the additional winners will be paid from the WPA General Fund. A notice will be distributed by email and listed on the Wildhawk Players Association website of this action.” The original and amended results are:

Original Results	Third Flight	Fourth Flight
First Place	Scott Davis	Dan Moos
Second Place	George Stanfill	Al Jordan
Third Place	Scott Schaefer	Antonia Agerbeck
Amended Results	Third Flight	Fourth Flight
First Place	Scott Davis	Dan Moos
Second Place	George Stanfill	Antonia Agerbeck
Third Place	Al Jordan	Elliot Yaffee

Additionally, through the Board discussions it requested the Tournament Committee to review and document the process for creating flights for all future WPA Tournaments. When this has been completed it will be further reviewed by the Board and then voted on to make it policy.

This policy will be listed within the Board's Rules and Conditions on the WPA website
